

Regional BioCamp 2019

May 19–21, 2019, Ljubljana, Slovenia

1. What is BioCamp?

The Regional BioCamp 2019 is a three day forum, that brings together selected top students with distinguished experts and top managers. It is a great opportunity to gain direct insight into the world of research and international business environment within the pharmaceutical industry.

Regional BioCamp 2019 offers participants an excellent opportunity to:

- Gain insight into the professional and business environment of the global pharmaceutical industry
- Learn how science and practice, the profession and business connect for the benefit of the patient
- Interact with key experts and leading managers from Lek, Sandoz and Novartis
- Gain first-hand experience in starting up and managing a company
- Explore career opportunities in different areas of the pharmaceutical industry
- Network with talented students from other countries

2. Program

Key-note presentations of leading scientists from academia, Lek, Sandoz and Novartis:

- New developments in pharmaceutical industry and biosimilars
- Worldwide experience in biosimilars development
- Starting a company
- Neuroscience today and tomorrow
- Patient view on treatment opportunities
- Career opportunities in the pharmaceutical industry

Students' workshop:

- How to develop and launch a pharmaceutical product

A visit to Sandoz development facility in Slovenia.

3. Who may apply?

We invite regional university students in natural and economic sciences, from last year pre-graduate studies, masters, doctoral and post-doctoral studies, to apply for the Regional BioCamp 2019.

The event will be held in English, therefore English fluency is required.

A total of **35 selected students** will be chosen based on their academic excellence, professional experience and extra-curricular activities.

4. How to apply?

Please apply on the following link: www.lek.si/biocamp.

We welcome your application between **February 1 and February 28, 2019**. Only complete applications will be considered. Selected students will be informed via e-mail in April 2019.

For more information, please visit: www.lek.si/biocamp or contact us at: biocamp.lek@sandoz.com.
