

IX Conference of the Serbian Biochemical Society 'Diversity in Biochemistry' with international participation, Belgrade, 14-16 November 2019

It our pleasure to announce the IX Conference of the Serbian Biochemical Society 'Diversity in Biochemistry' with international participation, to be held between 14-16 November, 2019 in the center of Belgrade downtown, Serbia. The scientific program will cover the most up-to-date topics in the field of molecular life sciences, particularly biochemistry and molecular biology. Lectures and poster sessions addressing different areas of molecular life sciences will be presented, enabling participants' integration in aiming to foster collaborations.

All information about the conference can be found at the website:
