

11th CONFERENCE OF YOUNG CHEMISTS OF SERBIA

Plenary Lecture:

Dr. Tina Andrejević

University of Kragujevac, Faculty of Science

Metal complexes as potential drugs for combating antimicrobial resistance

Invited Lectures:

Dr. Miloš Pešić

University of Belgrade, Faculty of Chemistry

Molecularly imprinted polymers as drug delivery systems

Dr. Slađana Stanisavljević

University of Novi Sad, Faculty of Sciences

*Synthesis of (-)-goniofufurone analogues:
New directions in biological activity studies*

Full Professor Dr. Jasna Adamov

University of Novi Sad, Faculty of Sciences

Teaching workshop

SHIMADZU

Excellence in Science

Soft-skill workshop

EuChemS

European Chemical Society

—European Young Chemists' Network—

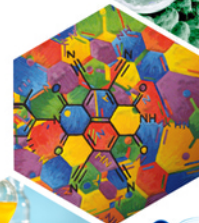

ANALYSIS
